PLINEVILLE RUN

CHANGES HANDS

The stock of the Pineville Sun has passed from the control of Hugh S. Young and John Pearl to P. T. Atkins and Dr. Tillman Ramsey. The Sun has been a power for good in its home community, standing for progress along all lines of social and business affairs.

Hugh S. Young will enter other business in Pineville and Mr. Pearl will continue the efficient head of the job department.

The owners have secured a good property and will doubtless continue to help make the charming little city of Pineville an even better place in which to live.

Personally we owe several courtesies to the Sun and its old management and we wish Messrs. Young and Pearl every success for the future. A kindness, cheerfully undertaken, is something one cannot soon forget.

TOM H. HADEN BREAKS ARM

While warming up for the game against Pineville, Tom H. Haden broke his arm. He started to throw the ball to second base with so much force that his arm cracked above the elbow. The arm was set by a member of the local medical profession. The game resulted in a win for Barbourville, 9-8. Tye and Decker pitched and did good work.

ORCHARD SHORT COURSE

The College of Agriculture, Lexington, is offering a short course in pick-up orchards which we shall be pleased to hear has interested some of our local fruit men. The course will give a study of fruit growing, including grapes, for which Knox County is eminently fitted and which industry should be run on a big scale.

E. P. FRANKLIN VISITS BARBOURVILLE

E. P. Franklin, popularly known as "Pony" to the Union College students and citizens at large, came in Saturday night to attend the opening of Union and to visit his brothers.

Mr. Franklin left here a year ago on his graduation and with his wife went to Chicago where he entered Northwestern University which he is still attending. He is also pastor of the M. E. Church at Cass, Ill., and has a fine five congregation.

He is looking fine and reports that Mrs. Franklin, who will be remembered as Miss Laura Wilcox, is in good health. Mr. Franklin will put in another year at the University and then return to Union as a member of the faculty. He left for Chicago Tuesday afternoon.

ICE CREAM SALE

The Ladies Aid of the M. E. Church will sell ice cream during the School Fair at the Court House on Saturday, September 25th.

HE MAY COME TO KENTUCKY SOON

Warren G. Harding.

Announcement just made in Louisville is to the effect that Senator Harding, the Republican nominee for President, may make a number of speeches in Kentucky in October. The State Speakers' Bureau also plans to have many noted Republicans from every section of the country to speak in this state.

Senator Harding's dignified, serious-minded utterances in the past few weeks have brought to him the praise of the whole country.

FATHER AND SON CLEARED

Chas. H. Keenton and son, Harry Keenton, of Williamsburg, were tried at a special term of Federal Court here last week on an indictment returned by the Federal Grand Jury at Covington last December charging them with the misappropriation of a large sum of money from the First National Bank of Williamsburg of which the elder Keenton was assistant cashier. The case was heard before Judge Cochran and dismissed on every count without going to the jury. Father and son were fully vindicated by the court. The elder Keenton is now manager of the Western Union Telegraph Company of Jellico, Tenn.—London Sentinel-Echo.

FIRE AT NEW YORK STORE

Fire broke out in the basement of the Cawn Store Sunday night. Mr. C. R. Walker, who has an apartment above the store, thru the aid of his olfactory organ smelled out the trouble and he and George Faulkner jumped into the latter's car, which was standing in front of the Jones Hotel, and breezed it to the residence of Sam Cawn. Sam managed to get into his bipedal garments while in the house but saved time by putting on his shirt en route. The fire was quickly extinguished and the crowd, which was in various stages of undress, it being the hour of 11:30 p. m., went home glad that this big building had not gone up in flames. Had the fire smoldered on until a later hour, those living above might have had a more unpleasant experience.

MINE MAN SLAYS OVERSEAS VETERAN

MIDDLESBORO, KY., Sept. 19.—In a pistol duel with John D. Simpson, pit boss at the Low Ash Coal Company near here, Bruce Hill, former deputy sheriff and overseas veteran, was killed here about 4 o'clock this afternoon. Hill was attempting to arrest Simpson, who had shot and seriously wounded Ross Stevens, also an overseas veteran.—Louisville Herald.

MRS. AMIN SIMON WRITES

Katana, Syria, July 28, 1920.

Dear Brothers:— I arrived here all o. k. the 22nd. I am awfully well out. I am giving you a little history of my trip. I can't write it all the family so you can let them all see it.

I left Barbourville on June 1st. From there I went to New York. I was twenty-eight hours in making the trip. I went thru Knoxville, Washington, Baltimore and Philadelphia. I was in New York one week and took in all the sights there. It is some place.

On June 8th at 4 o'clock I went on board the Presella, an Italian liner. I was on there fifteen days and was in the hospital the first seven days from seasickness and the last three with St. Louis. I landed in Naples, Italy, June 23rd at 2 o'clock. I was there four days and from there I took the train for Brindisi, Italy. It took us twelve hours to make that trip. I was there five days and then went on board the Carnalia, another Italian liner, July 2nd at 1 o'clock. We were on there fifteen days.

July 3rd I was in Gofon, Greece. July 4th I was in Colmit, Greece. July 6th, in Caru, Greece; the 7th we were in Alexandria, Egypt. We were there two days and went all over the city.

July 12th we were in Port Said, Syria. We were there two days. The 13th we were in Jaffa, Syria; the 14th in Haffa, Syria and the 15th we landed in Beyrout at 7 o'clock in the morning. We stayed there three days and then came on to Damascus where we were two days. I am leaving out a little for we were delayed between Beyrout and Damascus on account of the war and stayed two nights in a town named Zeeila and then came to Damascus.

We reached Katana July 22nd, making forty-two days of travel.

We are housekeeping now in Amin's old home so I have something to call my own once more.

We have a real nice house. It is Amin's mother and his sister has kept it very nice. I don't have to do anything, not even clean my own room as my two sisters-in-law are living with us. I like all Amin's people they are so nice to me.

It was the saddest sight you ever saw when they all met.

I guess you have heard about the war. It did not amount to anything. Damascus went in favor of France and now everything is o. k.

Amin and the kids are fine only Siede has been sick a little this week. You both must write me real often. Charlie, Carmo and all the boys said to give you their regards. I think I will be home sometime next summer. Tell everybody "hello" and to write me.

With love to all, your brother

Amin and Edith.

M. E. LADIES AID

The Ladies Aid of the M. E. Church will meet with Mrs. Hoskins Friday afternoon, at 2:30 o'clock, October 1st.

All members are urged to be present as this is an important meeting.

Richard P. Ernst.

RICHARD P. ERNST

Speaks To An Enthusiastic Audience

Richard P. Ernst, Republican nominee for the United States Senate, on Tuesday addressed a most enthusiastic audience at the Court House. He was introduced by Judge J. D. Tuggle in a brief but pithy speech.

The speaker said that if the men and women of the Eleventh District got out and vote they will not only be no doubt as to the result in Kentucky so far as Mr. Harding is concerned, but there will be a Republican Senator returned from Kentucky. The control of the Senate may hang on Kentucky and especially on the Eleventh District. He urged that the women of this district vote the ticket as their sisters in other sections will do. Mr. Ernst proved that woman suffrage is an accomplished fact is due to the Republicans, by 29 to 7 State votes.

The speaker attacked the autonomy of President Wilson and said the American people are going to establish a Republic in November.

Speaking of the League of Nations, Mr. Ernst said the European nations wanted peace but President Wilson insisted on pushing the League of Nations to the front. He also insisted that the League of Nations was a failure. He said the Democratic Convention at San Francisco, there is much to be said about the meaning of much of the treaty but it is certain that a new kind of trouble a good deal of the time. "Some day, when history is written, it will prove that the man who refused to vote for the treaty as it stands stood between us and foreign sovereignty. Thousands of Democrats will register that the League of Nations was a failure."

One of the leading statesmen of England has said that the treaty will be perfectly acceptable with whatever reservation the American people wish, but the President insists on the original and no other. He has been described as a man "too proud to fight and too stubborn to make peace."

The speaker repeated on the war and disagreements that he now was in in Europe and said the U. S. cannot afford to be drawn into these wars.

UNION COLLEGE FACULTY

Union College formally opened for the year 1920-21 on Tuesday morning with chapel exercises and classification of students.

The following are the members of the faculty:

Dr. E. T. Franklin, President.

Prof. George M. Ryder, Dean and Professor of Greek.

Prof. I. B. Peavy, from Upland, Ind., Head of the Normal School.

Miss A. E. Weeks, English Department.

Prof. George C. Hewes, from Quincy, Ill., Science and Mathematics

Miss Leah Fields, Latin and French.

Mrs. Mary F. Jones, from Taylor University, Upland, Ind., Expression.

Mrs. Grace Ralston Franklin, History.

Miss Blanche Whitlington, from Lake Providence, La., Domestic Science.

Miss Mabelle Heger, from Chillicothe, Mo., Director of Music Conservatory.

Miss Laura Mae Carter, Head of Piano Department.

Prof. C. E. Ahler, Violin and Band Instruments.

Prof. D. M. Humblet, Normal and Academy.

Prof. R. E. Burnett, Model School.

Miss Nannie L. Taylor, Typewriting.

entanglements, with the lives of American boys at stake. In three cases the treaty shows we must have wars and in seven cases permits it.

Mr. Ernst said other nations are not curtailing their armament and therefore it would not be safe for the United States to do so.

Congressman J. M. Robison then spoke and showed that a great number of prominent Democrats are against the treaty as it stands and cited the nomination of Thomas Watson of Georgia to prove that the people of that State have repudiated the document. He ran as an anti to the treaty. Of 47 Democratic Senators only 23 are in favor of the treaty as it stands.

Mr. Robison stated that Mr. Ernst is going to be elected and that the women will come out to vote.

In explaining the reason for Liberty Bonds being below par Mr. Robison said that it is due to the extravagance of the present administration, which has contracted loans on short time with American bankers for three billion dollars, paying therefor six percent, whereas the bonds, which were so patriotically subscribed for by the people run from 3 1/4 to 4 1/2 per cent. Naturally bankers take the bigger interest on the short time loans.

Mr. Robison charged that America is being asked to defend the boundaries and possessions of forty nations and empires and asked why we should do it with the blood and treasure of America.

CARD OF THANKS

We wish most sincerely to thank our friends for their sympathy and aid at the time of the sickness and death of our dear mother, Mrs. Jane Hale, and also for the beautiful flowers.

The Children.

The Success This Bank Has Attained

Was made possible because of these things:

The Resources at the Bank's Command.

The Courtesy of the Bank's Officers.

The Confidence of the Public.

The Fair Methods that Ever Prevailed.

The year 1920 will witness a strengthening of these, if it be at all possible.

To the man who has no banking connection, we now give this invitation to connect himself with this bank. As a depositor his money is absolutely safe and as a borrower he will be accorded as liberal terms as is consistent with safe banking.

Our Facilities Are at Your Disposal

come in and talk it over with any official of the bank. We will give you the advantage of our experience and expert knowledge if you want it.

To One With Surplus Funds

You will find no safer investment than U. S. Treasury Savings Certificates in denominations of \$100 and \$1,000. Liberty Bonds at present quotations are mighty attractive. We can supply your wants in either line.

STORING FRUITS

AND VEGETABLES

Every year people have trouble to
keep fruits and vegetables thru the
winter. Much of this trouble can be
eliminated and large amounts of
food stuffs saved annually if a few
simple rules are followed. The Col-
lege of Agriculture has found that
where good specimens of fruits and
vegetables are stored in boxes or in
crates in rooms such as cellars or
caves good ventilation must be pro-
vided. This can be accomplished in
several ways. First, make sure that
all the containers as boxes, barrels
and crates have openings so as to
permit a good circulation of air.
Bore hole in sides or bottoms or
cut slits in the sides. Second, be
sure that some means is provided
whereby there will be a good circula-
tion of air in the storage room.

Openings are usually found in the
top of all cellars or caves but unless
some means is provided to admit
the cold air to the floor there will
not be much ventilation even when
there is an opening at the top. Often
six inches cut off the bottom of the
door will provide good circulation
of air. This opening can be covered
with wire netting to exclude rats
and cats. This circulation can also
be provided by laying a 10 inch tile
from the outside to the center of the
floor. Remembering to have the out-
side opening at least two feet lower
than the opening in the floor.

With these simple suggestions fol-
lowed in providing a means of venti-
lation anyone should be able to keep
fruit and vegetables. As a rule the
nights are cool in the fall and by
opening all ventilators at night and
closing them in the day it is possi-
ble to keep the storage room very
near the night temperature.

PERSONAL MENTION

The Ladies Aid of the Presbyter-
ian Church will meet on Friday,
October 1st, with Mrs. Allen on Mau-
chester Street. A large attendance
is urged as the election of officers
for the ensuing year will take place
at that time.

Miss Effie Jump, Red Cross Nurse,
now has a room of her own at the
Court House where she will give
demonstrations and meet her town
classes. Mr. Lewis has been very
helpful in putting the room into
good shape.

Sixteen ladies have already joined
the Red Cross Class for instruction
in Home Hygiene and Care of the
Sick. This class meet Tuesday and
Thursday at 7 in the evening and is
very enthusiastic. Others who may
be interested may still join.

Mrs. F. M. Maxey made a trip to
Livingston, Ky. the first of the week
on hearing that her brother had been
killed in an auto accident. Fortu-
nately the report was exaggerated
and altho he was in an accident he
was not seriously hurt.

Mrs. J. M. Robison, Miss Daisy
and John will leave Saturday for
Washington, D. C., where the young
people will enter George Washington
University, Miss Daisy being Sopho-
more and John entering as Fresh-
man. Judge Robison will remain
in the Eleventh District during the
Presidential campaign.

Mr. and Mrs. Sawyer A. Smith
and Guy L. Dickinson were at the
Automobile Show in Cincinnati, O.,
this week to look over the latest
grade of automobiles, so that they
might be in a better position to in-
telligently chose the best agencies
for the Knox Garage which is now
under construction. Their choice will
be advertised later.

Dr. and Mrs. Lon who have come
again for evangelistic services up in
Clay County expect to begin meet-
ings this week "over on Hector"
(seven miles from Garrard.) They
will be joined by Miss Wilson, who
has been spending the summer in
Clay County, and the Misses Reid
and Goodham, missionaries of the
Westminster Church at Garrard.
Dr. and Mrs. Lon came thru from
Detroit, Mich., by auto and spent
Sunday in Barbourville. Dr. Lon
took charge of the Presbyterian Sab-
bath School where he is well known
from his former visit.

Why not patronize home mer-
chants? You can buy up-to-date
styles here just the same as you
can in neighboring towns. Our home
merchants help to build up Barbour-
ville. They pay taxes, they patron-
ize home doctors, preachers, law-
yers, teachers and in fact they help
in a thousand ways to build up
home industries, and yet our peo-
ple spend their money—most of it—
away from here. You can buy the
same cloak at England's for \$40.00
that you'd pay \$60.00 for in the
city. You can buy the same dress
there for \$35.00 that you would pay
\$50.00 for in Knoxville. Just so with
other goods.

II

To hear some tire dealers
talk you might think that
nobody knew anything about
tires except the fellow from
Broadway.

That's not the basis we
go on.

We give every man credit
for knowing *what he is*
spending his money on,
whether he drives up here
in his small car from ten
miles out in the country or
is passing through from the
capital in his limousine.

III

That's one thing we like
about U. S. Tires.

They make no distinction
between the *small car*
owner and the owner of the
biggest car in the country.

It's all the same to them.
So long as a man owns an
automobile—large or small
—he's entitled to the *very*
best tire they can give him.

Quality has always been
the *outstanding feature* of
U. S. Tires. There's *no*

Certain-teed Roofing Costs Less to Lay

You will appreciate the low cost and convenience of laying Certain-teed Roofing.

Skilled labor is not required to lay it properly. You save much of the expense of hiring trained workmen and avoid delays because of a scarcity of such men.

But this is only one of the Certain-teed economies. It also costs less to buy and less to maintain than any other type of good roofing.

In addition, Certain-teed roofing is weather-proof, fire-retarding and spark-proof. It is guaranteed for five, ten or fifteen years, according to weight. Experience proves that it usually outlasts its guarantee by years of satisfactory service.

See your dealer about Certain-teed Roofing. If he can't fill your entire order from stock, he can get what you want quickly from a nearby Certain-teed distributing center.

HOW ABOUT THIS BELT?

When a girl wears a belt longer than 24 inches or a man girds himself with one stretching more than 40 inches, they immediately become worried and begin to diet.

But the Goodyear Tire & Rubber Co. is manufacturing two belts 12,000 inches long.

No, Goodyears, they are not for human support—but are conveyor belts for the purpose of carrying materials for long distances in commercial use.

Each belt weighs seven tons when completed. They will be 48 inches wide and each will consist of seven plies. If spliced they would stretch more than 2,000 feet, or nearly half a mile.

The fabric used in making these two belts, if laid in a straight line, of single ply 48 inches wide, would reach for 14,700 feet, or more than two and three quarter miles.

If used as floor covering, the fabric used in manufacturing these two giants would spread over 55,800 sq. feet of space or approximately cover five times the floor space in the largest gymnasium in the country.

If the fabric necessary to make the belts were used as a tent covering, it would house 14,600 people standing side by side.

The weight of cover stock used in the two big conveyor belts weighs about five and a half tons.—Good-year News.

GOV. J. D. BLACK RECEIVES TILING FOR SEWER

Gov. J. D. Black has received tiling for a sewer connection in accordance with health requirements. Bad weather prevented the laying of the tiling but the work will soon be put thru. It is understood that the others interested in this necessary work are ordering tiling to connect up also.

The State Sanitary Engineer, Dr. Gorman and his assistant, Mr. Miller, were here last week to look over the situation and are backing the action of Dr. B. H. Albright, who, however, is depending on the promise of property owners who have been notified that they are breaking the sanitary laws, to purchase tiling and to meet the necessary connection with the creek.

The visiting officials went over the local water situation which they say is excellent.

AMERICANS ABROAD IN RED CROSS WORK

United States Citizens Far Away Enthusiastic Members of the "Fourteenth" Division.

Among the most enthusiastic and energetic members of the American Red Cross are those citizens of the United States who live outside the continental boundaries of their country—sons and daughters of the Stars and Stripes residing at the far corners of the earth.

These people compose the Insular and Foreign Division of the parent organization, generally known as the "Fourteenth" Division, which has jurisdiction of all territory outside the country proper; that is, Alaska, Porto Rico, Hawaii, Virgin Islands, the Philippines, Guam, and even the island of Yap, which came under our flag as a result of the world war. For the year 1920 this division reported 30,805 paid up members.

The main object of this division is to give our citizens everywhere the opportunity to participate in the work of the organization which stands for the best national ideals. Americans in far places identify loyal and patriotic, increasing their membership in the Red Cross as the outward expression of their citizenship. It is another tie to the homeland and to each other. There are members of this division in Argentina, Bolivia, Brazil, China, Cuba, Czechoslovakia, Ecuador, England, France, Germany, Guatemala, Haiti, Hawaii, Honduras, Japan, Manchuria, Netherlands, Nicaragua, Panama, Peru, Philippines, Porto Rico, Siberia, Spain, Sweden, Switzerland, Syria, Turkey, Uruguay, Venezuela and Virgin Islands.

During the war these scattered members of the Red Cross contributed millions in money, and millions of dollars' worth of necessary articles for the men in service, and sent many doctors and nurses to France. At the same time they carried on an excellent Home Service in their respective communities for the families of those who had gone to war, and in some regions gave large sums of money and innumerable personal service to the relief of disaster and disease victims.

The division is now establishing service clubs in foreign ports for the benefit of sailors in the American Merchant Marine, making plans to aid Americans in trouble in foreign lands and completing arrangements for giving immediate adequate relief in case of disaster.

It is the Fourteenth Division's part in the great Peace Time program of the American Red Cross.

RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals, and those being trained through agencies of the Federal Board for Vocational Education.

In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged. After the soldier's discharge the Red Cross continues its friendly service through the Home Service Section in his own community.

The Red Cross maintains a convalescent home at all of the hospitals, where patients can amuse themselves after they are well enough to be up and around. Parties and picture shows in the wards are also furnished, with occasional excursions when convalescence comes.

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane, and helping them secure compensation due from the Bureau of War Risk Insurance.

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, arranges suitable living conditions, helps collect evidence and supply facts to the Board, assists in "appealing cases" and settles various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

The Red Cross agents find men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men. Many Red Cross chapters have set up recreation facilities, and in some instances living clubs, so these victims of war may have attractive surroundings and the fun which must go with effective school work.

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training. The Institute, through the Red Cross, long ago conducted an extensive industrial survey to determine the vocations for which blind men could be fitted. As a result it is putting forth well trained men equipped to meet the social, civic and economic requirements of their respective communities.

Aid for Spanish Red Cross.

The Iberian chapter of the American Red Cross, composed of Americans resident in Spain, has just contributed \$490 to a fund being raised by the Spanish Red Cross and the League of Red Cross Societies for the purpose of fighting malaria.

Edith Mitchell	215.5	472.83
City of Harboursville	56.4	124.31
TOTAL		\$5,560.78

Section 2. — That there be and hereby is assessed and levied a local tax on and against the property abutting said improvement and said street, to the total sum of five thousand, five hundred sixty dollars and seventy-eight cents, (\$5,560.78) for the purpose of paying for and for paying the cost of said improvement to be paid by the owners of the property abutting said street and improvement at the rate per front foot of \$2.194.

And there is hereby assessed and levied against the respective parcels of land abutting said improvements the sum aforesaid apportioned to said lots as the proportionate cost of such improvement at the rate per front foot aforesaid.

And of said total sum the City of Harboursville shall pay from its general fund into the Street Improvement Fund for said street the sum of one hundred twenty-four dollars and thirty-one cents, representing the cost of improvement of intersections with other street intersections and its proportionate part of drainage, grading, engineering, and other costs uniform to said street as a whole.

Section 3. — Upon approval and publication of this Ordinance, the City Treasurer shall give notice by one publication in the Mountain Advocate, a newspaper published in said City, of the apportionment of the cost of said improvement against the parcels of land abutting thereon requiring all such owners to pay the taxes herein assessed against their respective parcels of real estate within thirty days next after the publication of this Ordinance, or to make the election to pay in installments of ten equal payments and enter into contract to that effect as hereinafter provided.

The local taxes herein assessed and levied may, at the option of the property owner, be payable in cash without interest, within said thirty days, or in ten equal annual installments as herein provided. Any property owner who desires to exercise which privilege of payment by installments, shall before the expiration of thirty days from the date of publication of this Ordinance, enter into an agreement in writing with the City of Harboursville that in thirty days. Any such tax not paid within said time shall bear 6% interest on such privilege. He will make no objection to any illegality or irregularity with regard to the taxes against his said property, and that he will pay the same in the manner herein provided with specified interest. In cases where such agreements have not been filed within the time limited above, the entire tax shall be payable in cash without interest before the expiration of said term per annum from the date of the publication of this Ordinance, and a penalty of 10% additional upon the amount of said tax, or any part thereof not paid within said thirty days.

In case any one or more of said property owners shall elect to pay said tax in ten equal annual installments, the same shall be payable as follows:— One tenth of said tax, with interest at 6% per annum, of the entire tax, at the time fixed by law for the payment of General City taxes for the year 1920 and annually thereafter one tenth of the entire tax. At the end of six months from the time of the first installment of the tax becomes due, interest shall be due and payable for six months on all unpaid installments of said tax. Any person may however, at any interest paying period next after the fifth annual installment of his tax becomes due, pay the entire assessment remaining unpaid of such tax against his property with assumed interest.

Passed and approved September 23rd, 1920.

ORDINANCE

Be it ordained by the City Council of the City of Harboursville, that an annual license tax on vehicles operated in the City of Harboursville, on which no license tax is now in force in the City of Harboursville, be and same is hereby fixed and assessed as follows:

On each commercial truck, \$12.50	On all other trucks each, to two tons \$25.00
For each additional ton . . . \$10.00	On each one horse dray, wagon or hack operated for hire \$10.00
On each two horse dray, wagon or hack operated for hire \$25.00	On each two horse wagon used to haul coal into or thru the city \$25.00
On each two horse wagon used to haul freight or as merchants' delivery wagon \$25.00	On each one horse wagon used to haul freight or as merchants' delivery wagon \$10.00

Commercial trucks as used in this ordinance means trucks on which pneumatic tires alone are used. All other vehicles propelled by motive power and not used as passenger cars are trucks as contemplated under this ordinance.

All licenses shall expire on December 31 of each year on all vehicles. Any person operating any such truck, hack or wagon within the City of Harboursville without first procuring the license herein provided for shall be fined not more than \$10.00 and not less than \$5.00 and each week in which said vehicle is used without first procuring said license shall be regarded as a separate offense under this ordinance.

Each quarter of the year, or part thereof, counted from January 1st each year, shall be considered as the taxing unit, and any person operating any vehicle contemplated in this ordinance shall pay the proportionate part of the annual license tax here provided for as said vehicle is used during any quarter or part thereof of any year after this ordinance becomes effective.

This ordinance shall become effective and be in force on and after its publication and any and all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Should any part of this ordinance be held invalid that part of same not affected by such invalidity shall continue in full force and effect.

Approved Sept. 23, 1920.

THOS. D. TINSLEY, Mayor.

Attest: H. L. Taylor, City Clerk.

NEWPORT WOMAN SAYS ITS GRAND

Before Taking Tanlac She Had To Spend Half Her Time In Bed Gains 22 Pounds.

"Altho it has been four years now since Tanlac restored my health I am still feeling fine," said Mrs. Jennie Williams, 141 Fourteenth St. and Central Ave., Newport, Ky., recently.

"Yes, sir, it not only restored my lost health, but I gained twelve pounds by taking it," said Mrs. Williams. "I had been suffering from stomach trouble for at least four years before I began taking Tanlac. My appetite was very poor and I got to where I suffered so much after meals I just dreaded to eat and often went as much as two or three days without eating a thing. I would bloat up badly with gas that pressed against my heart until it pained dreadfully and I could hardly get my breath. Then too my food felt heavy and caused intense pains in the pit of my stomach. At last, I was put on milk diet, but in spite of this and the fact that I tried all kinds of treatments and medicines, I continued to grow worse. My nerves were so badly upset I could never get a good night's sleep and always felt tired and worn out in the mornings. I also lost considerable weight, finally getting so weak I could not do my housework, spending about half my time in bed.

"By the time I had taken half a bottle of Tanlac I noticed I was getting better and by the time I had finished my fourth bottle I was feeling as good as I ever did in my life. I have a splendid appetite, can eat just anything I want and everything agrees with me perfectly. My nerves are in such fine shape I can sleep like a child all night long. In fact I just feel like a new woman, and can do my housework with as much ease as ever. From that day to this I have never had the slightest touch of my old troubles and have enjoyed the best of health. At the time I began taking Tanlac my sister and cousin also started on it, and it did them a world of good."

Tanlac is sold in Harboursville by the Cut-Rate-Drug Company, in Artenuus by J. G. Haskin, and in Perma by N. J. Faulkner & Co. Adv.

HOW TO BECOME A NURSE

Any woman with intelligence and "motherly" instinct can learn to be a practical nurse and earn from fifteen to twenty-five dollars a week. If you cannot spend three years in a hospital or are past the hospital age, study a common-sense book, called "Nursing in the Home," by Lee H. Smith, M. D. This book is written in a way that is easy to comprehend. It will teach you how to recognize different diseases; how to take temperature; how to take care of fever patients; how to give baths; all about the sick room. It treats of burns and scalds, broken limbs, bleeding from wounds (bandaging) drowning, fainting—almost every contingency is covered.

Many pages are devoted to Hygiene, Anatomy, Physiology and Medicine. It contains advice for mothers and tells how to care for infants.

This 500-page book, bound in handsome red cloth, is worth \$2.00 but for a limited time can be secured by sending fifty cents to the publishers, World's Medical Press, 652 Washington Street, Buffalo, N. Y.—Adv.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess, colored tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them effective. —(Adv.)

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they forestall Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect

to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Medical Director, 152 Swift Laboratory, Atlanta, Ga.

Paul Bassett, representing the Edison Phonograph Company, was here Tuesday to talk over the results of the recent tone test given by Mrs. Betsy Lane Shepherd. He expressed himself well satisfied with the result, which was a great advertisement for the merits of the wonderful Edison machine. Along this line there has been much comment about the disappearance of Mrs. Shepherd from the stage while the house was in darkness. Many have confessed that they believed that Mrs. Shepherd in the flesh was singing, whereas the machine did the entire rendering of "In the Gloaming" until Mrs. Shepherd returned and took up the refrain, "It was best to leave you then."

SCHOOL DAYS

DO YOU REALIZE that often what appears to be stupidity in children is nothing more than defective vision? Many a seemingly dull child could easily keep up with the rest of the class, and many a bright child would develop more rapidly and with less effort, were it not for EYESTRAIN. Doubtless you have heard of the childhood episode of Theodore Roosevelt? He was a poor scholar, with a profound dislike for books. His parents investigated and found that his eyes were at fault. Once provided with proper glasses, he fairly raced ahead—you know the rest! Do you know whether your child is handicapped in Mental Development by defective vision? Now is the time to find out.

Barbourville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people here at home raise their voices in praise there is no room left for doubt. Read the public statement of a Barbourville citizen:

Geo. C. Morris, farmer, says: "I gladly recommend Doan's Kidney Pills. My kidneys were out of order and my back ached and pained terribly. I could hardly do any stooping or lifting and my kidneys acted irregularly, at times being too frequent and then again sluggish. Doan's Kidney Pills soon rid me of the backaches and put my kidneys in good order."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Morris had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

WHAT KIND OF AN EDUCATION PAYS

By C. E. Bunnell, Principal of the Barbourville Business School

There are numerous kinds of education. As a business man recently put it, "There is an all round education fitting one generally for every thing, especially for nothing." Most every graduate of general course education and the delusion of seeing himself master of the universe and scoffing at the fellow who has only a technical training. When this man comes down to earth from the higher realms of "falsity" and faces the stern necessity of making a living, what a shock! The first question invariably put by the prospective employer is, "What can you do?" Even with the highest general education obtainable, reader, how would you answer this question?

There is an entrance requirement in every line of business. As a rule, one cannot enter business without meeting this requirement. In strictly business enterprises a knowledge of billing, bookkeeping, figuring, shorthand, typewriting and letter-writing, any of which and perhaps all, may be required. Usually the more required the better the pay. There is also a better opportunity for one to climb more quickly to a position higher up. It only requires time to see, as we have seen, students who have a complete business course, step into a position that those who have not had a business course could not have secured. We have observed how much more rapidly men and women who have had a business course are promoted. The additional time required to finish a business course over the amount required to finish an ordinary education, is the best investment that any student can possibly make.

For immediate and sure employment, for a "chance among men who succeed," for big returns from time and money invested, in fact, greatest satisfaction, a complete business course stands prominently at the top of all kinds of education. The demands of the present day bring home this truth more forcibly even to those who have questioned it heretofore. Business men, engineers, professional men, farmers, men of affairs in all walks of life are sending their sons and daughters to be trained in business.

Reader, you are standing on the threshold of the great era of opportunity the world has ever known. Do you realize with a business training what possibilities the future holds in store for you?

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

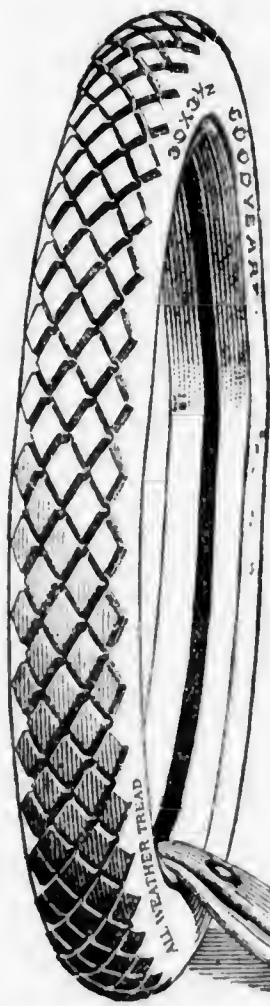

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. 2-2

Low-Cost Mileage—in Goodyear Tires for Small Cars

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.
